PERSONAL PROJECTS

Portfolio (01/2023 - 02/2023)

- I was created an portfolio web page as a portfolio and in this i have used **REACT JS**. This is fully Responsive for **Mobile** and **Tablet** both.

Redux-app (02/2023 - 02/2023)

- I have also create an redux app using redux and in this app i have add add and subtract functionality **onClick**.

Cultfit (10/2022 - 02/2023)

- I have created an clone of cultfit using REACT JS, Which is an Ecommerce website.

Studio-Shop (10/2022 - 12/2022)

- I have created an website of an studio-shop using **REACT JS**. In this website i was added the shop detail, contact form and some other component which helps customer. This website is also fully responsive.

Lenskart (09/2023 - 10/2023)

- I have created an clone of **Lenskart** using **MERN**. In this website i was add all functionality same as lenskart and some other component which helps customer. This website is also fully responsive.
