PERSONAL PROJECTS

Portfolio (01/2023 - 02/2023)
- I was created an portfolio web page as a portfolio and in this i have used **REACT JS**. This is fully Responsive for **Mobile** and **Tablet** both.

Redux-app (02/2023 - 02/2023)
- I have also create an redux app using redux and in this app i have add add and subtract functionality **onClick.**

Cultfit (10/2022 - 02/2023)
- I have created an clone of cultfit using REACT JS, Which is an Eccomerce website.

Studio-Shop (10/2022 - 12/2022)
- I have created an website of an studio-shop using **REACT JS** . In this website i was added the shop detail , contact form and some other component which helps customer. This website is also fully responsive.

Lenskart (09/2023 - 10/2023)
- I have created an clone of **Lenskart** *using* **MERN**. In this website i was add all functionality same as lenskart and some other component which helps customer. This website is also fully responsive.
