Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
MCA, CSE	National Institute of Technology, Patna	7.21	Dec 2025
BCA	SKD University Hanumagarh, Rajsthan	6.85	June 2025
Senior Secondary	Board Of School Education Haryana	77	June 2022

Experience

- **Company A [🌐]** *March 2023 - Sep. 2023*
  Mern Stack Trainee Jaipur, India
  - Completed a 6-month industrial training program in the MERN stack, gaining hands-on experience with MongoDB, Express.js, React.js, and Node.js.
  - Implemented full-stack e-commerce solutions using MERN, Laravel, and WordPress, improving website performance and user experience by 30
  - Optimized backend logic and database queries to improve website performance and user experience.
  - Implemented authentication, product management, cart system, and payment integration modules.

Projects

- **Project A: Eyewear E-Commerce Web Application** *Sep. 2023 – Oct. 2023*
  Tools: MongoDB, Express.js, React.js, Node.js, REST APIs, JWT, Render Live Demo
  - Developed a full-stack e-commerce platform for online eyewear shopping with user authentication and product management.
  - Implemented RESTful APIs using Node.js and Express.js, enabling secure user login and order processing.
  - Created dynamic and responsive UI components using React.js to enhance user experience across devices.
  - Integrated MongoDB for efficient product storage, cart management, and order tracking.
  - Deployed the application on Render, ensuring smooth hosting and backend connectivity.

- **Project B: FazFood – Food Ordering Web Application** *May 2023 – June 2023*
  Tools: MongoDB, Express.js, React.js, Node.js, REST APIs, JWT GitHub
  - Developed a full-stack food ordering web application using the MERN stack.
  - Implemented user authentication, product listing, and shopping cart functionality.
  - Designed order placement and payment workflow (simulation-based) for seamless checkout experience.
  - Built RESTful APIs using Node.js and Express.js for handling user and order data.
  - Managed food items and order records using MongoDB for efficient data storage.

Skills

- **Programming Languages**: C, C++, Java, Python, JavaScript, PHP, SQL
- **Frameworks & Libraries**: React.js, Redux, Express.js, Node.js, Laravel, WordPress
- **Databases**: MongoDB, MySQL
- **Core Concepts**: Data Structures and Algorithms, OOPs, DBMS
- **Tools**: Git, GitHub, Postman, VS Code, Render

Certifications

- **Industrial Training – Full Stack Web Development**, View Internship Letter *March 2023 – September 2023*

Achievements

- NIMCET 2025 – All India Rank 923
- Secured multiple positions in district and state-level tournaments.
- Recognized for outstanding performance and sportsmanship during my academic tenure.
